

## 37<sup>a</sup> edizione Esposizione Internazionale "100 Presepi"

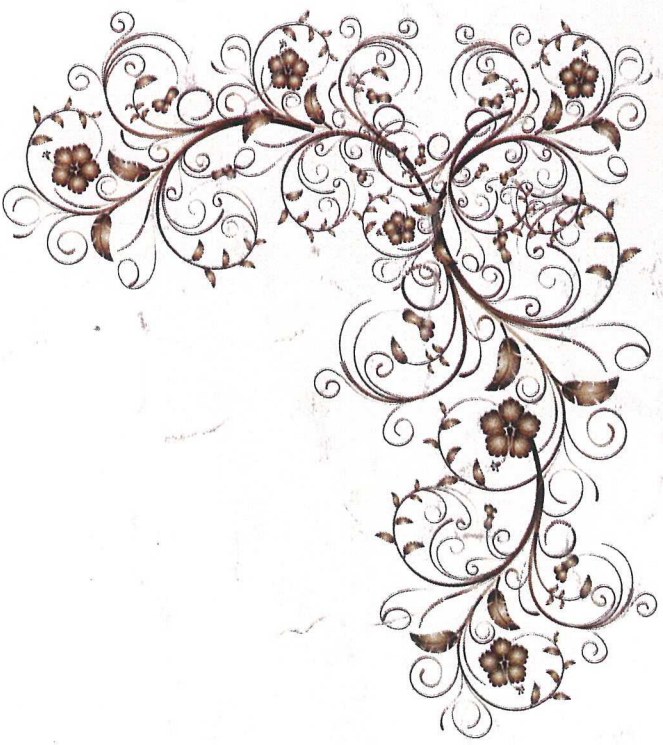

22 novembre 2012 - 6 gennaio 2013

### **SPECIAL AWARD - FOREIGN CATEGORY CRIBS**

### **GUNTER MÜLLER FEDERAL REPUBLIC OF GERMANY, EMBASSY BEFORE THE ITALIAN GOVERNMENT**

*The work, of excellent workmanship, is entirely carved in wood and develops into a sort of revolving tower. It is divided into layers featuring: African characters, the Holy Family, the three Wise Men, and then, at the top, a sentinel who seems to supervise the whole from above.*

*The characters are inspired by the Teutonic tradition, but their militar severity is totally absorbed by the naive form, so that it all looks like a great carousel, a precious toy for children. It's a little metaphor of life: the young and the old, v.i.p. or not, we're all in the same merry-go-round, endlessly repeating the great mystery of existence in circles.*
